

Oppo 1024 universal knee support – Wrap around → Open patella → Basic support

Neoprene (beige)

DVA RAP code AR02

**Features:**

- designed for all knee sizes with adjustable support.
- open patella relieves pressure
- provides compression for weak or overstressed knees.
- exclusive reinforced patella stabilizer to prevent displacement
- retains body heat to warm knee joint and increases blood circulation

Application:

- arthritis
- mild strain/ sprain
- weak knee

To Apply:

- position the opening over kneecap.
- wrap and secure the shorter strap behind knee joint, between upper and lower straps.
- wrap and secure the upper and lower straps to front of support

OPP1024

Universal size

Oppo 1124 knee support short – Wrap around → Open patella → Basic support

Coolprene (beige)

DVA RAP code AR02

**Features:**

- wrap-around design allows for adjustable fit and unrestricted range of motion of the knee
- open patella design to relieve pressure
- exclusive reinforced patella stabilizer to prevent displacement
- heat retention and compression reduces potential for strain or injury

Application:

- mild strain/sprain
- arthritis
- knee pain

To Apply:

- position the opening over kneecap
- wrap and secure the shorter strap behind knee joint, between upper and lower straps
- wrap and secure the upper and lower straps to front of support

OPP1124

Universal size

Oppo 1125 knee support short donut – Wrap around → Open patella → Basic support

Neoprene (black)

DVA RAP code AR02

**Features:**

- adjustable wrap-around design for custom fit
- open patella design relieves pressure on the kneecap
- donut shape around the patella for added stability
- may be easily applied to swollen or injured knees without pulling or tugging

Application:

- position the opening over kneecap
- wrap and secure the shorter strap behind knee joint, between upper and lower straps
- wrap and secure the upper and lower straps to front of support

OPP1125

Universal size

Oppo 1132 contour knee support – Wrap around → Open patella → Basic support

Coolprene (black)

DVA RAP code AR02

**Features:**

- unique contour shape to snugly fit the knee joint to prevent slipping due to excessive movement
- the adjustable design provides easy application and maximum support
- breathable CoolPrene® material lined with COOLMAX® behind the knee for optimal comfort

Application:

- osteoarthritis
- knee pain
- knee instability

To Apply

- loosen straps and wrap the support around the knee joint. Position the knee cap in the patella opening
- fasten the hook and loop closures above and below the patella snugly
